ACKNOWLEDGMENTS

I would like to express my gratitude to those who supported the present volume on various occasions and by different means. Thanks are due first and foremost to the contributors for their patience and readiness to collaborate, which helped this volume come together. Furthermore, I am grateful to Professors Gábor Buzási (Central European University), Niels Gaul (University of Edinburgh), and Volker Menze (Central European University), for having read and commented on various contributions. I am also indebted to the Henrik Birnbaum Memorial Scholarship Fund for generously financing the publication of this volume. Moreover, I am grateful to the staff and editors at the Solivagus Verlag, especially to Dr. Stefan Eick and Dr. Sebastian Dziol for their interest in this volume and for seeing it through to completion. I also thank the Museum of Byzantine Culture from Thessaloniki for the permission to reproduce on the cover of this book the early Byzantine wall mosaic depicting a spring on a mountain originally decorating the walls of the Acheiropoietos basilica and nowadays on display in the Museum. Last but not least, I would like to offer my special thanks to Dora Ivanišević (Central European University) for her collaboration and overall assistance in this project, as well as to the other co-organizers of the 3rd Biennial CEMS International Graduate Conference, Budapest 2013, especially Mircea Duluş, for their dedicated work.
